

2023 VW BEACH PRO TOUR Futures in Europe CANDIDATURE APPLICATION GUIDELINES

ISSUED ON: 27.10.2022

Introduction & General Information

In line with the FIVB-CEV collaboration established in 2018, the CEV will continue to be responsible for the organisation of all events within the Futures layer of the BEACH PRO TOUR in Europe for 2023.

The event build-up and delivery model, set in close cooperation with FIVB, will continue the successful pattern introduced since 2018, with the CEV managing all event parameters while fully applying the FIVB Sports Regulations in all competition-related parameters, and the FIVB supporting the events throughout the process.

Following the record number of 21 events organised in 2022, the CEV is herein confirming the appointment process, timeline and organising conditions for the 2023 Volleyball World Beach Pro Tour Futures in Europe.

1. Appointment Process

Events need to be planned well ahead of time to secure the necessary resources and permits and a number of people should be included in the event planning since the early stages as members of the Local Organising team.

To allow time for the respective CEV planning, the expression of interest should be communicated:

- by mid-December 2022 for events planned during the spring/early summer of 2023
- by the end of January 2023 for events scheduled from July onwards.

Step 1: Application

The Candidature application needs to be presented through the "Beach Volleyball General Questionnaire & Competition Application form" which is available on the CEV website.

The Application will only be considered as valid when all requested documents are submitted as listed on the last page of the Beach Volleyball General Questionnaire & Competition Application form.

Step 2: Evaluation

The CEV together with Volleyball World and the FIVB will evaluate the applications based on the documentation provided as well as the experience with previous events held in the respective country. The CEV may also inspect the sites proposed for the competition.

Step 3: Award

The CEV, in collaboration with Volleyball World and the FIVB, appoints the Organiser at the end of the evaluation process.

If appointed, the Applicant will automatically become the Organiser of the respective competition and an agreement will be sent for signing to the organising National Federation.

Step 4: Execution

The Organiser and the CEV work closely together, throughout the implementation process, in order to deliver the event in the best possible way for all involved stakeholders and in line with all measures and requirements imposed by the respective National Authorities.

Public announcement of the appointed Organisers will be coordinated with Volleyball World / the FIVB at a mutually agreed time, together with a timetable of actions (Event's Master Plan).

Requests for additional assistance regarding the application can be addressed to beach@cev.eu.

2. Application Requirements

The present part aims at supporting each Applicant in identifying key organising aspects and at providing the CEV with the necessary information to support the candidature.

As indicated in the "Beach Volleyball General Questionnaire & Competition Application form", a number of supporting documents shall be presented together with your application:

- Binding support from the Host city, sponsors, other institutions, and partners on national, regional, and local level, which are involved in your application
- A city map highlighting the venue(s) and the hotels to be used for the competition
- A venue map including all courts, the stadium, and organisational areas - true to scale
- A draft overall event budget
- A guarantee from the Competition venue's owner concerning its exclusive use from 3 days before to 1 day after the end of the competition as well as the exclusive grant of all rights concerning advertisement and promotion in the Competition venue
- A proposed competition schedule (number of days and matches per day)
- A brief description of the Host city with one or two digital pictures of the city and/or competition venue to be used for the public announcement on the CEV digital platforms and the respective tournament pages.

For the event delivery the candidate is expected to:

- Present any hygiene/organising conditions set by the National authorities to stage an event
- Involve a sufficient management team for the proper event delivery, considering the number of participating teams and necessary supporting operations
- Present adequate promotional and event communication initiatives for the pre- and during the event period (timeline, activities, channels of promotion, media, etc.).

The submission of the candidature application is an acceptance to comply with the FIVB and the respective CEV Regulatory framework for the specific event category plus the organising conditions/rights set further down in this document and a confirmation that all media and data rights belong to the CEV.

An event may, if approved by the CEV, be staged in more than one venue; in this case, attention needs to be paid in planning both the necessary supporting facilities, logistical aspects, and human resources.
